BUY DOWN TRAVEL INSURANCE OPTION

Please complete form below with your surname and student identification number and take to UWA Cashier for payment between the hours of 9.00am–4.00pm. (Located on ground floor at Financial Services opposite main entrance of Winthrop Hall).

Pay the charge $200.00 before departure, giving you the ability to claim personal items under $1,000.00.

All UWA insurance claims for personal effects and baggage are subject to a $1,000.00 excess for each and every claim. This means that personal items or expenses being claimed must exceed $1,000.00 to be considered a claim. This does NOT apply for medical and cancellation cost which remains at $300.00.

For example
Iphone stolen at a replacement cost of $900.00 would not be covered. If purchasing the “buy down option” at a charge of $200, you could claim the $900.00 phone and receive a reimbursement of $600.00. Meaning you would have received a total reimbursement of $600.00 rather than $0.00, which is the total amount claimed less UWA excess of $300.00 excess applicable on all claims.

You will be issued with a receipt from the cashier for your records. Please retain this receipt with your UWA insurance information. Should there be a need to make a claim, please attach a photocopy of your UWA receipt with your Travel Approval Form with your completed claim form, so that the Insurance office has a record of payment of your “buy down” charge and can cover your personal items accordingly.

Payment can be made by cash, cheque or EFT. Cannot accept AMEX or Diners

Retain this information with your Insurance information.
